■ Overall Repository Metrics

Metric	Score	Grade	Status
Overall Score	73.8/100	B	~ Good
Accuracy	90.0/100	A+	✓ Excellent
Complexity	84.6/100	A	✓ Excellent
Efficiency	87.7/100	A	✓ Excellent
Maintainability	86.2/100	A	✓ Excellent
Documentation	20.0/100	F	✗ Critical

■ Detailed Repository-Wide Metric Analysis

Accuracy: 90.0/100 (A+)

Accuracy issues detected across 66 files. Common patterns include error handling, edge case coverage, and validation logic.

Key Findings:

• Error handling consistency across codebase
• Edge case coverage in critical functions
• Input validation thoroughness

Complexity: 84.6/100 (A)

Code complexity varies across 66 files. Areas with high complexity should be refactored for maintainability.

Key Findings:

• Cyclomatic complexity levels in core modules
• Nesting depth and code branching patterns
• Opportunities for code refactoring

Efficiency: 87.7/100 (A)

Performance analysis across 66 files shows areas for optimization in algorithms and data structures.

Key Findings:

• Algorithm performance optimization potential
• Memory usage and resource allocation
• Query optimization opportunities

Maintainability: 86.2/100 (A)

Maintainability concerns in 66 files related to code structure, naming conventions, and modularity.

Key Findings:

• Code structure and modularity ratings
• Naming conventions and code readability
• Technical debt assessment

Documentation: 20.0/100 (F)

Documentation coverage in 66 files shows gaps in comments and docstrings.

Key Findings:

• Comment coverage and quality
• Docstring completeness
• README and inline documentation

■ Top 4 Repository Strengths

1. Fallback scan completed

File: client\app\create-post\page.tsx
Location: File level
Impact: Provides baseline quality signals.

2. Fallback scan completed

File: client\app\explore\page.tsx
Location: File level
Impact: Provides baseline quality signals.

3. Fallback scan completed

File: client\app\hubs\page.tsx
Location: File level
Impact: Provides baseline quality signals.

4. Fallback scan completed

File: client\app\layout.tsx
Location: File level
Impact: Provides baseline quality signals.

Complexity & Maintainability (0 High, 144 Medium)

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\app\create-post\page.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\create-post\page.tsx
Location	Multiple lines
Issue	Quality issue in client\app\create-post\page.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\create-post\page.tsx
Location	File level

Issue	Quality issue in client\app\create-post\page.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\app\explore\page.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\explore\page.tsx
Location	Multiple lines
Issue	Quality issue in client\app\explore\page.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\explore\page.tsx
Location	File level
Issue	Quality issue in client\app\explore\page.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\globals.css
Location	File level
Issue	Quality issue in client\app\globals.css

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\app\hubs\page.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\hubs\page.tsx
Location	Multiple lines
Issue	Quality issue in client\app\hubs\page.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\hubs\page.tsx
Location	File level
Issue	Quality issue in client\app\hubs\page.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\layout.tsx
Location	File level
Issue	Quality issue in client\app\layout.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\app\login\page.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\login\page.tsx
Location	Multiple lines
Issue	Quality issue in client\app\login\page.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\login\page.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\page.tsx
Location	File level
Issue	Quality issue in client\app\page.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\app\register\page.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\register\page.tsx
Location	Multiple lines
Issue	Quality issue in client\app\register\page.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\app\register\page.tsx
Location	File level
Issue	Quality issue in client\app\register\page.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\Header.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\Header.tsx
Location	Multiple lines
Issue	Quality issue in client\components\Header.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\Header.tsx
Location	File level
Issue	Quality issue in client\components\Header.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\PostCard.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\PostCard.tsx
Location	Multiple lines
Issue	Quality issue in client\components\PostCard.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\PostCard.tsx
Location	File level
Issue	Quality issue in client\components\PostCard.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\PostComposer.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\PostComposer.tsx
Location	Multiple lines
Issue	Quality issue in client\components\PostComposer.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\PostComposer.tsx
Location	File level
Issue	Quality issue in client\components\PostComposer.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\accordion.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\accordion.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\accordion.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\accordion.tsx
Location	File level
Issue	Quality issue in client\components\ui\accordion.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\alert-dialog.tsx

Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\alert-dialog.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\alert-dialog.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\alert-dialog.tsx
Location	File level
Issue	Quality issue in client\components\ui\alert-dialog.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\alert.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\alert.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\alert.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\alert.tsx
Location	File level
Issue	Quality issue in client\components\ui\alert.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\aspect-ratio.tsx
Location	File level
Issue	Quality issue in client\components\ui\aspect-ratio.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\avatar.tsx
Location	File level
Issue	Quality issue in client\components\ui\avatar.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\badge.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\badge.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\badge.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\badge.tsx
Location	File level

Issue	Quality issue in client\components\ui\badge.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\breadcrumb.tsx
Location	File level
Issue	Quality issue in client\components\ui\breadcrumb.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\button.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\button.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\button.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\button.tsx
Location	File level
Issue	Quality issue in client\components\ui\button.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\calendar.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\calendar.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\calendar.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\calendar.tsx
Location	File level
Issue	Quality issue in client\components\ui\calendar.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\card.tsx
Location	File level
Issue	Quality issue in client\components\ui\card.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\carousel.tsx
Location	File level
Issue	Quality issue in client\components\ui\carousel.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\chart.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\chart.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\chart.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\chart.tsx
Location	File level
Issue	Quality issue in client\components\ui\chart.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\checkbox.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\checkbox.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\checkbox.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\checkbox.tsx
Location	File level
Issue	Quality issue in client\components\ui\checkbox.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\collapsible.tsx
Location	File level
Issue	Quality issue in client\components\ui\collapsible.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\command.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\command.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\command.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\command.tsx
Location	File level
Issue	Quality issue in client\components\ui\command.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\context-menu.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\context-menu.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\context-menu.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\context-menu.tsx
Location	File level
Issue	Quality issue in client\components\ui\context-menu.tsx

[Medium] Very long lines reduce readability [Complexity & Maintainability]

File	client\components\ui\dialog.tsx
Location	Multiple lines
Issue	Long lines are harder to review and maintain.
Code	`Lines over 120 characters detected`

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\dialog.tsx
Location	Multiple lines
Issue	Quality issue in client\components\ui\dialog.tsx

[Medium] CodeQuality [Complexity & Maintainability]

File	client\components\ui\dialog.tsx

■ Personalized Recommendations

Documentation

Issue: Documentation needs improvement (score: 20/100)
Recommendation: Focus on improving Documentation
Resources:
• Documentation best practices
• Learning materials on Documentation
• Industry standards for Documentation
Effort: High (6-8 weeks)

Security Practices

Issue: Security Practices needs improvement (score: 50/100)
Recommendation: Focus on improving Security Practices
Resources:
• Security Practices best practices
• Learning materials on Security Practices
• Industry standards for Security Practices
Effort: Medium (4-6 weeks)

Testing & QA

Issue: Testing & QA needs improvement (score: 50/100)
Recommendation: Focus on improving Testing & QA
Resources:
• Testing & QA best practices
• Learning materials on Testing & QA
• Industry standards for Testing & QA
Effort: Medium (4-6 weeks)

Database Design

Issue: Database Design needs improvement (score: 50/100)
Recommendation: Focus on improving Database Design
Resources:

• Database Design best practices
• Learning materials on Database Design
• Industry standards for Database Design
Effort: Medium (4-6 weeks)

API Design

Issue: API Design needs improvement (score: 50/100)
Recommendation: Focus on improving API Design
Resources:
• API Design best practices
• Learning materials on API Design
• Industry standards for API Design
Effort: Medium (4-6 weeks)

Frontend Development

Issue: Frontend Development needs improvement (score: 50/100)
Recommendation: Focus on improving Frontend Development
Resources:
• Frontend Development best practices
• Learning materials on Frontend Development
• Industry standards for Frontend Development
Effort: Medium (4-6 weeks)

Backend Development

Issue: Backend Development needs improvement (score: 50/100)
Recommendation: Focus on improving Backend Development
Resources:
• Backend Development best practices
• Learning materials on Backend Development
• Industry standards for Backend Development
Effort: Medium (4-6 weeks)

■ Your Personalized Learning Path

Phase 1: Master Documentation

Duration: 3-4 weeks
Why: Gap identified: Documentation score is 20/100
Learn:
• Core concepts of Documentation
• Best practices in Documentation
• Real-world patterns
• Tools and frameworks

Phase 2: Master Security Practices

Duration: 3-4 weeks
Why: Gap identified: Security Practices score is 50/100
Learn:
• Core concepts of Security Practices
• Best practices in Security Practices
• Real-world patterns
• Tools and frameworks

Phase 3: Master Testing & QA

Duration: 3-4 weeks
Why: Gap identified: Testing & QA score is 50/100
Learn:
• Core concepts of Testing & QA
• Best practices in Testing & QA
• Real-world patterns
• Tools and frameworks

Phase 4: Master Database Design

Duration: 3-4 weeks
Why: Gap identified: Database Design score is 50/100
Learn:
• Core concepts of Database Design
• Best practices in Database Design
• Real-world patterns
• Tools and frameworks

Phase 5: Master API Design

Duration: 3-4 weeks
Why: Gap identified: API Design score is 50/100
Learn:
• Core concepts of API Design
• Best practices in API Design

• Real-world patterns
• Tools and frameworks

Phase 6: Master Frontend Development

Duration: 3-4 weeks
Why: Gap identified: Frontend Development score is 50/100
Learn:
• Core concepts of Frontend Development
• Best practices in Frontend Development
• Real-world patterns
• Tools and frameworks

Phase 7: Master Backend Development

Duration: 3-4 weeks
Why: Gap identified: Backend Development score is 50/100
Learn:
• Core concepts of Backend Development
• Best practices in Backend Development
• Real-world patterns
• Tools and frameworks
